## **LEED CERTIFICATION INFORMATION**

*Priceless Steel Products certifies and provides the following information for use in achieving Leadership in Energy & Environmental Design (LEED) Certification 2.2.*

### **LEED Materials & Resources Credit 4: Recycled Content:**

Priceless Steel Products contribute to:

**Credit 4.1 (1 point)** "Use materials with recycled content such that the sum of post-consumer recycled content plus one-half of the pre-consumer content constitutes at least 10% (based on cost) of the total value of the materials in the project."

**Credit 4.2 (1 point)** "Use materials with recycled content such that the sum of post-consumer recycled content plus one-half of the pre-consumer content constitutes at least 20% of the total value of the materials in the project."

### **Primary Location of Manufacture:**

Products are manufactured and distributed in Spokane Washington, Boise Idaho, and Sacramento California.

### **Recycling Content:**

Priceless Steel Products have indicated that their finished products contain approximately 33% recycled steel. A typical breakdown content of our Steel Headers, Curved Track and Connection Clips are:

**Post Consumer: 20% & Pre-Consumer (Post Industrial): 13%.**
